**RESPONSE TO RESTRICTION REQUIREMENT**

Sir:

In response to the Office Action dated July 22, 2004, applicant provisionally elects the claims of Group I (claim nos. 1-13), with traverse. While the semiconductor device of Group I and the method of making a semiconductor device Group II may be distinct for the reasons set forth by the Examiner, applicant believes that simultaneous examination will not present an undue burden. For example, the claims of Group I are drawn to a semiconductor device with an OTP ROM form over a substrate and the claims of Group II are drawn to a method of fabricating such semiconductor device. The two Groups of claims include subject matters that are classified commonly in class 438.
